## About Me

I am a passionate full-stack web developer with over 10 years of professional experience and a love for crafting responsive, easy to use and beautiful websites. As a web developer I am constantly communicating with project managers, designers and other developers in order to keep projects updated with new technologies, running smoothly and on budget. The ever growing list of web requirements, including: technical expertise, communication and art, is why I absolutely love what I do.

## Experience

### **ZAG Interactive - March 2014 – Present**

Full-Stack Developer

Responsible for the development of multiple .NET CMS (Umbraco, Kentico and Sitefinity) websites from the wireframing and prototyping phase all the way through production deployment.

### **DrinkCaffeine - September 2006 – February 2014**

Senior Front-End Developer

Responsible for leading and managing all facets of front-end development projects including project prioritization, strategic planning, content strategy, development, execution, implementation and testing in an Agile environment.

## Skills

### **Programming Technologies**

HTML5, CSS3, Javascript, jQuery, AJAX, JSON, LESS, SASS, BEM CSS, Bootstrap, C#, .NET MVC, Razor, AngularJS, MS SQL, Entity Framework

### **CMS and Other Skills**

Umbraco, Kentico, Sitefinity, DotNetNuke (DNN), ADA/WCAG/Interactive Accessibility Compliance, Wireframing, Adobe Creative Suite, Visual Studio, Subversion, Git

## Get in Touch

Thank you for taking the time to read through my résumé. If you would like to contact me about freelancing, new business opportunities, or just to talk code, you may [email me](mailto:mcculj.06@gmail.com), or give me a call at 203.200.0152.
